

About Us

ILIS, the Institute and Laboratory, Dr Ivan Slacanin, founded in 2001, provides top quality analytical services and small-scale pilot production facilities for your R&D outsourcing needs in the areas of cosmetics, phytotherapy and nutrition-related products.

The highly trained and well-equipped chemists at ILIS are constantly developing new methods based on the latest techniques available, providing you with state-of-the-art solutions to help streamline and enhance your product research.

Our staff is dedicated to their work and is providing the customer with the best service possible. At ILIS, quality is a mission. We take pride in providing you with a personalized service, which is designed to conform to your specific needs. You will find that our service is based on friendliness, confidence, creativity and efficiency.
